Serasi

Find work that fits who you are

Serasi is Malay for “well-matched”.

1 · BACKGROUND

Many youths start in jobs that don’t fit them

Youths: unsure where they fit

65%

of youths say they need more help planning their careers

Poll of 1,000 youths, 2025

36%

of poly graduates in full-time jobs work outside their field five years on

MOE graduate tracer survey

Malay youth: little career guidance

44%

of Malay youths lack guidance, mentors or networks for their career goals

NYC survey of 1,000 youths, 2026

16%

of Malay workers studied for the career they are in now

77% have never seen a career coach

Serasi’s aim: guidance that fits the whole person, before they choose a job.

2 · OUR APPROACH

Three proven measures make up the fit score

Holland RIASEC — 50%

What it is · Psychologist John Holland's model of career interests

Measures · Which of six types of work you enjoy most

Why · Used by MySkillsFuture; fit predicts performance (92 studies)

Big Five — 30%

What it is · The most-researched model of personality, plus honesty

Measures · Openness, conscientiousness, extraversion, agreeableness, stability

Why · Conscientiousness predicts performance in nearly every job

Work values — 20%

What it is · What a job must offer for you to feel satisfied and stay

Measures · Your top 3 of 8, e.g. stability, balance, room to learn

Why · Value fit predicts satisfaction and staying (172 studies)

HOW A FIT SCORE ADDS UP · EXAMPLE: DATA CONSULTANT

Interests		Work style		Values		Fit score
68 × 50%	+	97 × 30%	+	75 × 20%	=	78 / 100
= 34 points		= 29 points		= 15 points		A strong match

Example from our working demo · Built on SkillsFuture data, MyCareersFuture, NTUC e2i and M³+

4 · TIMELINE AND BUDGET

A pilot with 300 youths for about $22,000

5 · OUTREACH AND INSIGHTS

From posters to events youths actually want

PROMOTION POSTERS

For ITE, poly and university campuses, and MENDAKI events

WHAT MENDAKI GETS

1. **Youths take Serasi**
   At MENDAKI events, in schools or online, with their consent

2. **MENDAKI sees the trends**
   Anonymised trends by age, school and area, with no names
   - Interest types
   - Top jobs
   - Skills gaps

3. **Events that fit**
   Job tasters and internships in the fields youths shortlist most, through MENDAKI's Professional Networks

In 2025, 78% of NYC job-taster participants felt more aware of their career pathways (MCCY, 2026)

6 · COLLABORATION

How MENDAKI can help us pilot Serasi

MENDAKI
Reach youths, host events and use the insights

NYC
Job tasters and mentoring

NTUC E2I AND M³+
Career coaching and job matching

SKILLSFUTURE SG AND WSG
Skills data and MyCareersFuture

ITE, POLYS AND UNIVERSITIES
Pilot recruitment and counsellors

OUR ASK OF MENDAKI

1. Reach 300 youths for the pilot
2. About $22,000 in seed funding
3. A career guidance adviser
4. Employer links for job tasters and internships

Serasi: the missing layer in Singapore’s career tools, not another app.
